

WSO Campaign Skills Workshop 2 – Resource List Community Connection

[World Stroke Organization Global Stroke Bill of Rights](#)

The Global Stroke Bill of Rights was developed by stroke survivors and caregivers and identifies what they see as the most important issues for stroke awareness and recovery. It is accompanied by a [toolkit](#) to support its use in campaigning.

[Nothing for us, without us: opportunities for meaningful engagement of people living with NCDs](#)

This report is a result of the WHO Informal Consultation on PLWNCDs in 2020 and outlines the participatory methods, main themes discussed and key next steps to further support meaningful engagement.

[My Stroke Journey From Self-Advocacy to Patient Advocacy](#)

Published as a Patient Viewpoint in Circulation: Cardiovascular Quality and Outcomes, an American Heart Association journal, Barry Jackson shares his experience of becoming involved in stroke advocacy.

[NCD Alliance Global Charter on Meaningful Involvement of People Living with NCDs](#)

The Global Charter rallies all actors such as governments, international institutions, civil society and the private sector to put people at the centre and leave no one behind.

[Ghana Advocacy Agenda of People Living with NCDs](#)

This is the result of a consultative process involving the voices of over 100 people living with NCDs along with diverse stakeholders engaged in the NCD response in Ghana.

[Community Responses for Health: A Gamechanger for Primary Health Care and Universal Health Coverage \(Free Space Process and the Partnership to Inspire, Transform and Connect the HIV response\)](#)

This brief advocates for the recognition, inclusion and resourcing of community-based and led responses for health. It outlines what such responses are, why they matter and what they need.
